

Iteration 5

Joey, Hannah, Heidi, Paul

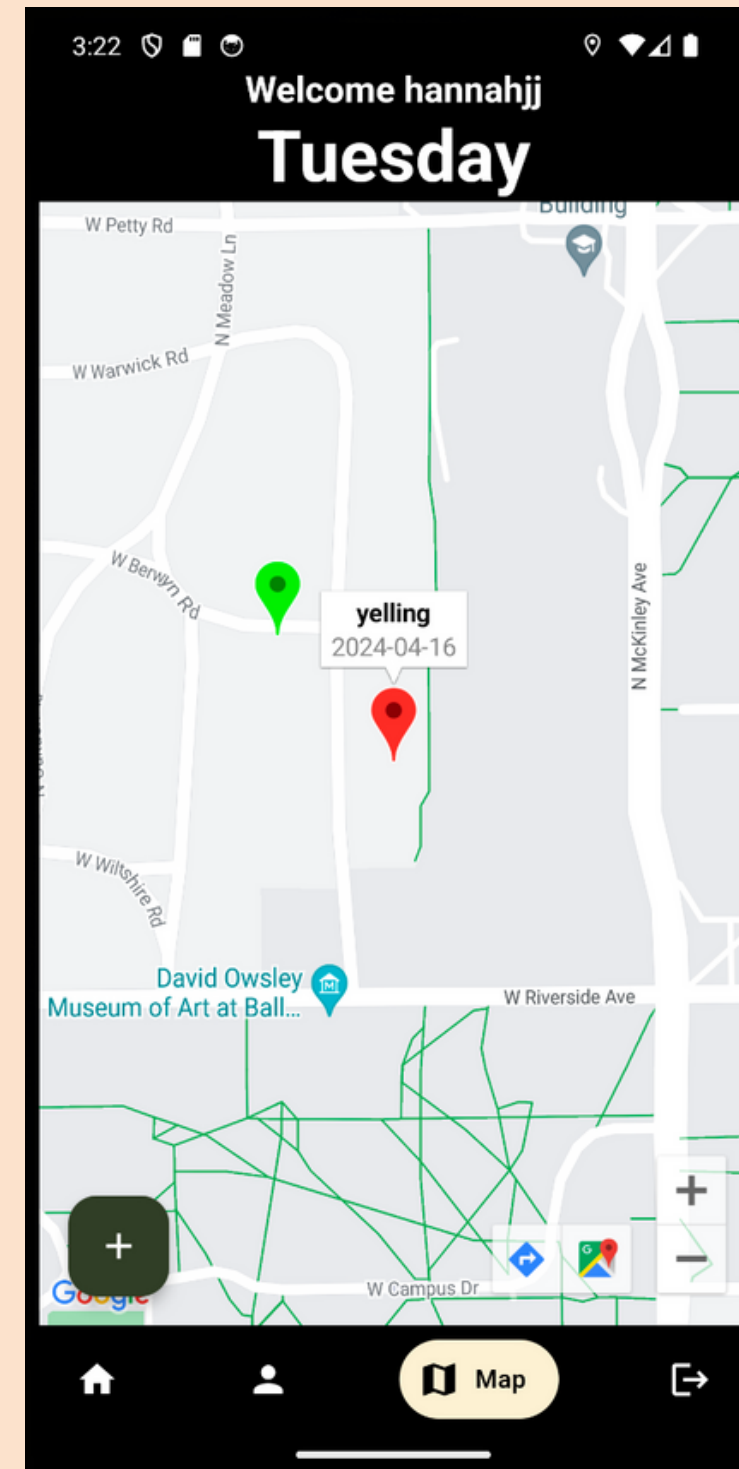

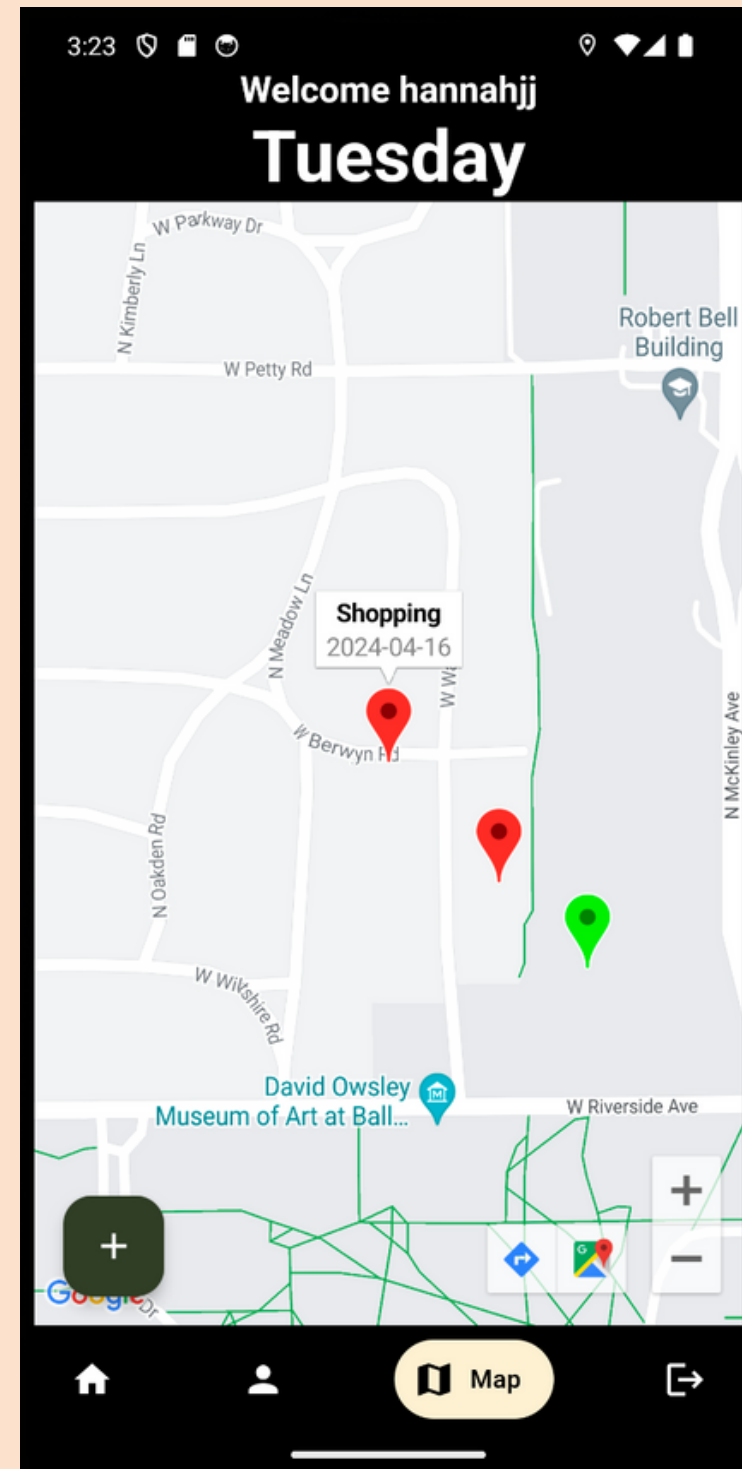

Features Added

Map tracking with vices

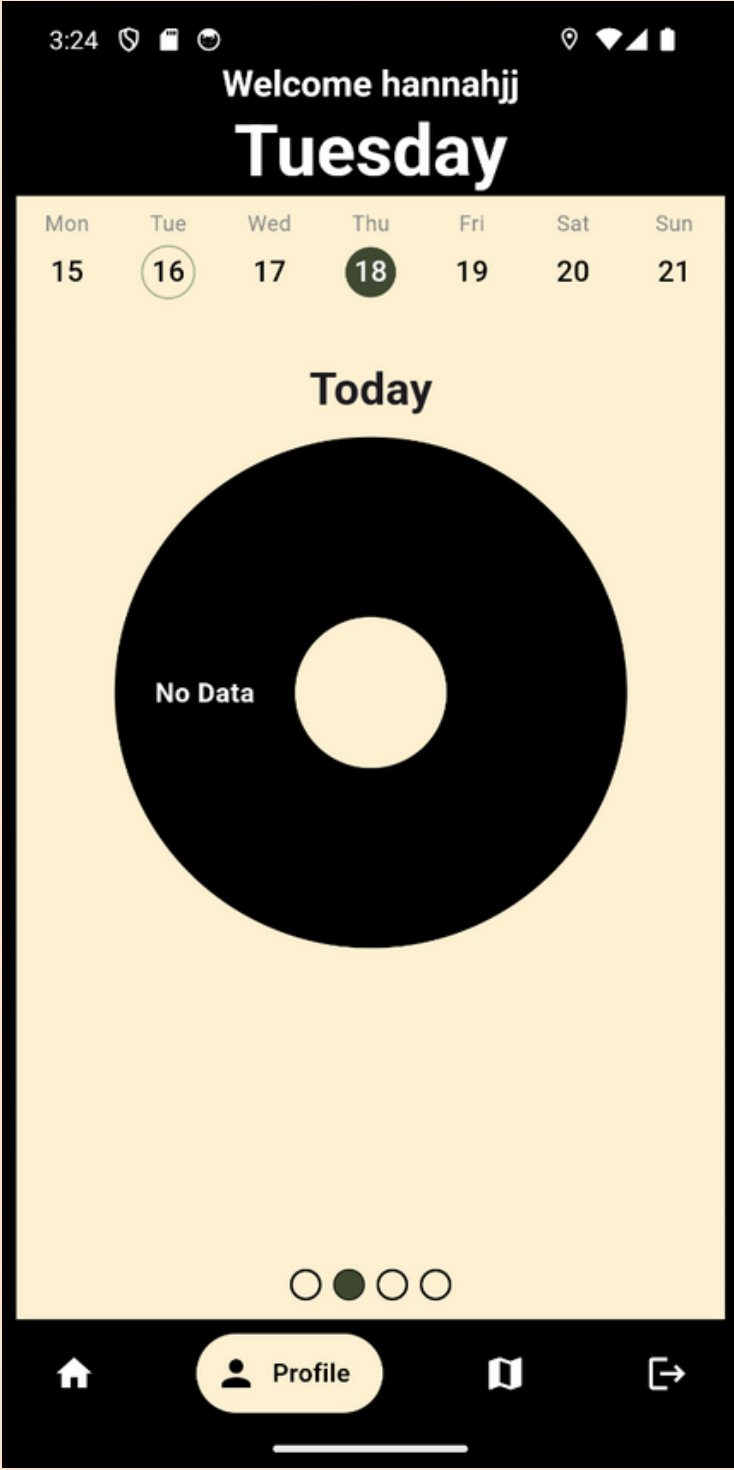

Date changing

New logout Page

Map Tracking

Date Change

Logout page

A mobile application interface for a 'Behav Habit Tracker'. The top status bar shows the time 3:21 and various icons. Below the status bar, a dark header contains the text 'Welcome hannahjj' and 'Tuesday' in white. The main content area has a light yellow background and is titled 'Behav Habit Tracker' in bold black text, underlined. It contains two input fields: 'Email' with the value 'hannahbanana@bsu.edu' and 'Password' with masked characters '*****'. A large black button with the text 'Log Out' in white is positioned below the password field. At the bottom, a dark navigation bar features four icons: a home icon, a person icon, a book icon, and a 'Logout' button with a right-pointing arrow icon.

3:21 Welcome hannahjj

Business requirements

- **BR2 Allow the end user to visually see the vices they have attached to a specific location.**
- **BR4 Let views see their vice statistics**

Mentor FeedBack

We showed her our new feature of the date changing for the graphs and the new location feature for tracking vices

- **Looks good**
- **Nice user deign flow**
- **thinks it all came together well**
- **Mentioned it would be nice to have a feature to be able to go back and tag a location if you forgot**

Client FeedBack

Likes the overall app

Really enjoys the new features

was able to navigate throughout the app very easily

agrees with Annie with the being able to tag a location if you are not in the current location

What We Have Done

Joey

- Map Graphing
- testing
- Date changing
