Iteration 3

Main habit character tracker

Team members

- Joey
- Hannah
- Heidi
- Paul

Mentor feedback

Annie Peabody

- Work with communication with client and team members

Client feedback

Ruben Naoye

- He likes the functionality and thinks its cool
- Likes the shift and direction we are now headed in
- Likeshow more flexible it is
- Does want to see a public map
- Be able to interact with other users on the app
- Be able to compare graphs and maps

Client and the software

- Relatively similar to last iteration
- Easy to maneuver

4th iteration features

- Incorporating the statics with an overall amount and individual amounts
- Connecting vices to the map
- Clean up around the app
- Fine tone all the small bits and pieces

Code and participation

Stats Tracking

As a 'Smoker' I want to see the following

- How many times I smoke over my baseline
- When I started tracking
- What time of day do I smoke
- How long has it been since I last Smoked

As a User I want to see these displayed

- Swipeable to the other Catigorys of vices
- Add up all of a Catigorys + done that day.

Gluttony
This week

Double Click

Gluttany
- Smoking
- Drinking
- Vaping

Smoking
How many times

What time am I most likly to smoke
9:00pm

When did I last Smoke
12 hours ago at
10:00pm

How many times do I go over

Iteration 3 Habit/Vice Tracker

- Each habit has Consistency
  - we need to be able to compair all of a users habits
- Add a vice Selection type
  - Greed
  - Anger
  - Lust   Track These
  - Envy   • How many total
  - Gluttony   • How many per catigory
  - Pride   • worst & best
  - Sloth
- Add Habit Selection
  - Sleep
  - Productivity   Track These
  - Exersize   • How many total
  - lifestyle   • How many per catigory
  - Relationship   • worst & best
  - Recharging

The Stat tracking Graphs

Individual Graph for Each Vice/habit

Graph for each Catigorys

Graph for all Catigorys Combined

Map Update & Tests

- Map Now tied to vice/habit location, (each vice/habit will have a Catigory Icon to display)
